5. Fire and Explosion Measures:

Extinguishing Media			
Suitable extinguishing media:	Use an extinguishing agent suitable for the surrounding area.		
Unsuitable extinguishing media:	Use an extinguishing agent suitable for the surrounding area.		
Special hazards arising from the su	bstance or mixture		
Fire hazard:	No data available		
Explosion hazard:	No data available		
Reactivity:	No data available		
Advice for firefighters			
Firefighting instructions:	Exercise caution when fighting a fire.		
Protection during firefighting:	Firefighters should wear protective gear. Do not enter fire area without proper protective		
	equipment, including respiratory protection.		
6. <u>Accidental Release Measures</u> :			
	uipment and emergency procedures		
General measures:	Use appropriate personal protective equipment (PPE) and appropriate laboratory procedures .		
For non-emergency personnel			
Protective equipment:	Use appropriate personal protective equipment (PPE).		
Emergency procedures:	Use appropriate emergency procedures.		
For emergency responders			
Protective equipment:	Use appropriate personal protective equipment (PPE).		
Emergency procedures:	Use appropriate emergency procedures.		
Methods and material for containme	ant and cleaning up		
For containment:	Contain material in accordance to State and Federal regulations.		
Methods for cleaning up:	Follow and dispose of material in accordance to State and Federal waste disposal regulations.		
methods for cleaning up.	Tonow and dispose of matchar in accordance to order and Teachar waste disposal regulations.		
Uandling and Starage			
. <u>Handling and Storage</u> :			
recautions for safe handling			

Precautions for safe handling Precautions for safe handling:	Handle in accordance with good laboratory practices and Biosafety Level 2 safety procedures. Use Universal Precautions.
Conditions for safe storage, incl Storage conditions:	uding any incompatibilities Store in the original container. Keep container closed when not in use.
Incompatible products:	No data available
Incompatible materials:	No data available
Storage:	Recommended storage temperature 2-8°C (36-46°F).

8. Exposure Controls and Personal Protection:

Exposure Controls Appropriate engineering controls: Personal Protective Equipment:	Handle in accordance with good laboratory practices and safety procedures. Use laboratory coat, protective gloves, safety glasses and suitable protective clothing.
Pictograms:	
Eye/Face protection: Skin and body protection: Respiratory protection: Hand protection: Mechanical protection: Special work practices:	Wear in accordance with good laboratory practices and safety procedures. Wear in accordance with good laboratory practices and safety procedures. Wear in accordance with good laboratory practices and safety procedures. Wear in accordance with good laboratory practices and safety procedures. Wear in accordance with good laboratory practices and safety procedures. Wear in accordance with good laboratory practices and safety procedures. Wear in accordance with good laboratory practices and safety procedures.

9. Physical and Chemical Properties:

Information on basic physical and chemical properties		
Physical State:	Liquid	
Appearance/color:	Clear, pale amber solution	
Odor:	No data available	
Odor threshold:	No data available	
pH:	No data available	
Melting point/freezing point:	No data available	
Boiling point:	No data available	
Flash point:	No data available	
Evaporation rate:	No data available	
Flammability:	No data available	
Upper/lower flammability or explosive limits:	No data available	
Vapor pressure:	No data available	
Vapor density:	No data available	
Relative density:	No data available	
Solubility(ies):	No data available	
Partition coefficient:	No data available	
Auto-ignition temperature:	No data available	
Decomposition temperature:	No data available	
Viscosity:	No data available	
Other information:	No data available	

10. Stability and Reactivity:

Reactivity:	No data available
Chemical stability:	Stable under recommended storage conditions.
Possibility of hazardous reactions:	No data available
Conditions to avoid:	No data available
Incompatible materials:	No data available
Hazardous decomposition products:	No data available
11. Toxicological Information:	
<u></u>	

11. Toxicological Information:

Information on toxicological effects	
Skin corrosion/irritation:	May cause mild irritation.
Eye damage/irritation:	May cause mild irritation.
Respiratory damage/irritation:	May cause mild irritation.
Ingestion damage/irritation:	May cause mild irritation.
Specific target organ toxicity (single exposure):	No data available
Specific target organ toxicity (repeated exposure):	No data available
Numerical measure of toxicity:	No data available
Symptoms/injuries after skin contact:	No data available
Symptoms/injuries after eye contact:	No data available
Symptoms/injuries after inhalation:	No data available
Symptoms/injuries after ingestion:	No data available

12. Ecological Information:

Ecotoxicity:	The product does not contain significant quantities of ingredients that are environmentally toxic.
Persistence and degradability:	The product is unlikely to persist in the environment.
Bioaccumulative potential:	No data available
Mobility in soil:	No data available
Other adverse effects:	No data available

13. Disposal Information:

14. Transport Information:

In accordance with IATA Regulations		
UN number	No data available	
UN proper shipping name	No data available	
Department of Transportation (DOT)	No data available	
Hazard Classes	No data available	
Hazard labels (DOT)	No data available	
Packing group (DOT)	No data available	
Environmental hazards	No data available	
Transport in bulk	No data available	
Special precautions	No data available	
15. <u>Regulatory Information</u> :		
SARA 311/312: Hazard categories for SARA Section 311/312 Reporting	No data available	
Canadian WHMIS Classification	No data available	
EU Classification (90/492/EE)	No data available	
EU Risk and Safety Phrases	No data available	
California Proposition 65: This product contains the	No data available	
following substances known to the State of California		
to cause Reproductive Toxicity (birth defects).		
16. Other Information:
